

School Food Prices Sept 2017

The way we provide food and drink for our students and staff matters to us a lot. It is about more than getting students fed. It helps to define the ethos and values of our school, what we stand for. Our mission is to ensure that every student has the opportunity to enjoy high quality, fresh and nutritious food at reasonable prices in a convivial environment, helping establish their eating habits for life.

If your child has any food allergies that you would like to discuss with a member of staff, please speak to Pat Day, our Catering Manager who is based in Le Bistro.

Below are the prices of some of the most popular items we sell across our 3 catering outlets within the school.
