Selecting subjects. Please circle the three A-level subjects you wish to study. You can only choose one subject in a block. Subjects in bold appear in only one block. For students wishing to study Maths and Further Maths, both options blocks B & E must be selected. Further Maths students must select four A-levels.

These blocks may be amended for September 2018 as a result of student demand and staffing changes. If students hold the 'old style' GCSE exams then a grade B is required for all subjects except Further Maths which requires a grade A in Maths.

Selecting enrichment. You can select from a range of enrichment opportunities, including EPQ, work experience, mentoring and extra sport. Some enrichment activities are timetabled in only one block and will need to be selected in that block in order for you to take part.

<p>If you wish to take a combination which is not possible due to the blocking, then please say so in this box. We may be able to accommodate and move subjects if there is a demand. You must, however, circle valid option choices in the grid above.</p>
